MINUTES OF THE FIFTH MEETING

OF THE TENDER EVALUATION COMMITTEE FOR DAUDHAN DAM

The Fifth meeting of the Tender Evaluation Committee for Daudhan Dam under Ken-Betwa Link Project was held through video conference on **15th December 2023 at 04:00 PM** to discuss the queries raised by the prospective bidders. The list of participants is annexed. Following decisions were taken in the meeting:

1. Extension of last Date of submission of bid

The TEC was apprised that a number of prospective bidders have made the request for extension of last date of submission of the bids ranging from fifteen days to four weeks beyond the present 20th December 2023 on account of intricacies of the project's scope and the need for a comprehensive and competitive tender thereby ensuring thorough and quality tender and to accommodate the forthcoming festive period.

After deliberations on these requests, the TEC held that the tender was originally scheduled for opening on October 10, 2023. Subsequently multiple extensions were granted till the present date of opening of tender, i.e. December 20, 2023. The TEC felt that ample time had been given to the prospective bidders and any further extension will not add any value to the ongoing process. Accordingly, it was decided NOT to extend the last date of submission of bid beyond the scheduled date of 20th December 2023.

2. Registration of the Joint ventures

One prospective bidder has requested to delete the condition of registration of the Joint ventures as mentioned in Article 4(C)(x) of NIT, on the ground that the JV is unincorporated entity existing only till project completion and are not permanent entities.

The TEC deliberated the provision at length and contemplated that modification in the aforesaid provision at this stage will create disparity as some of the prospective bidders might have incurred some expenditure in registering the JV Agreement. However, to ensure healthy participation and to maintain parity, the TEC decided that the prospective bidders may submit unregistered JV agreement with the bid but such bidders shall get the JV agreement registered subsequently and submit the same offline latest by **20th January 2024**. The TEC directed to issue the necessary amendment to this effect at the portal.

The meeting ended with a vote of thanks to the chair.
